**Combined Synopsis and Solicitation
Solicitation Number 19GE5020Q0053**

The American Consulate General Frankfurt hereby provides the following Combined Synopsis and Solicitation for:

**Supply and delivery of IT Investigative Equipment for the Police Inspectorate of Kosovo,
on behalf of the Bureau of International Narcotics and Law Enforcement Affairs (INL)
Office at the U.S. Embassy Pristina, Kosovo.**

Synopsis:

This is a combined synopsis/solicitation for commercial items prepared in accordance with the format in FAR Subpart 12.6, as supplemented with additional information included in this notice. This announcement constitutes the only solicitation; offers are being requested and a written solicitation will not be issued. The solicitation number is 19GE5020Q0053 and is issued as a Request for Quotation (RFQ), unless otherwise indicated herein. The solicitation document and incorporated provisions and clauses are those in effect through Federal Acquisition Circular FAC 2020-07, effective August 31, 2020.

Contract Type:

The Government intends to award a single, firm fixed-price contract to the responsible offeror whose offer is evaluated as the lowest-priced and technically acceptable. The total price shall include all labor, equipment, delivery charges, materials, overhead, profit, insurance, and all other expenses necessary to deliver the required equipment. No additional sums will be payable on account of any escalations in the cost of materials, equipment, or labor, or because of the Contractor's failure to properly estimate or accurately predict the cost or difficulty of achieving the results required by this contract. Nor will the contract price be adjusted on account of fluctuations in currency exchange rates.

Term of Contract:

The ensuing contract shall be effective from the date of the Contracting Officer's signature and shall remain valid until all items/services have been received/accepted and until the warranty period expires. The delivery time is within 30 days from the date of award.

Project Specifications:

Background

INL Kosovo has assisted Kosovo Police, hereinafter “KP”, since this institution was established, either directly or through our implementing partner International Criminal Investigative Training Assistance Program (ICITAP), to ensure a responsible, democratic and transparent Kosovo police service in accordance with the legislation in force and required standards.

Purpose

Kosovo Police investigators, while performing their duties, have police authorities and are required to exercise them in accordance with the Constitution, the Criminal Code, the Criminal Procedure Code, the Juvenile Justice Code, and the Law on Police of the Republic of Kosovo. This equipment will be donated to the KP Investigation Department and will be used by the Directorate for Support of Investigations.

This equipment will be used during in field by Observation and Technical Support for the implementation of covert investigative measures, during these operations these teams collect evidence (video, audio and photo) which should be processed and handed over to investigators for court presentation. Since these evidence materials have larger space Technical Support needs storage devices that would allow saving these materials for a longer period of time.

The intent of this document is to provide minimum requirements identified by INL Pristina and the Government of Kosovo (GoK) for this project. The document is not intended to provide details that would limit the vendor’s proposal to a specific technology or a particular provider.

All work shall be the sole responsibility of the vendor unless explicitly identified as an element being provided by the United States Government (USG) or the GOK. For all deliverables, the following must be included: shipping, delivery, service, labor under the warranty. **This applies to any components, services, or labor of third-party companies. The vendor shall be fully authorized/certified to supply, upgrade, install, configure, provide warranty service, and troubleshoot/support the proposed solutions/equipment.**

Objective

The objective of this project is to provide additional investigative and surveillance equipment to the KP to increase its capacity for prevention, detection, documentation and investigation of the criminal offences.

Warranty: All items must have a minimum of a **one-year** warranty provided by the vendor.

Delivery Point: The equipment shall be delivered to: U.S. Embassy, 4 Korriku Nr. 25 Arberia, Pristina, Kosovo 10000.

Compliance with Specifications:

Offerors shall also provide with their offer, at a minimum, existing product literature substantiating the acceptability of their offered products in accordance with this solicitation’s

specifications provided. Failure to provide this information will result in a 'non-responsive' offer and removal from award consideration.

Descriptive Literature Required:

Definition: (a) "Descriptive literature" means information (e.g., cuts, illustrations, drawings and original manufacturers' brochures) that is submitted as part of an offer. Descriptive literature is required to establish, for the purpose of evaluation and award, details of the product offered that are specified elsewhere in the solicitation and pertain to significant elements such as (1) design; (2) materials; (3) components; (4) performance characteristics; and (5) methods of manufacture, assembly, construction, or operation. The term includes only information required to determine the *technical acceptability* of the offered product. It does not include other information such as that used in determining the responsibility of a prospective contractor or for operating or maintaining equipment. (b) Descriptive literature must be (1) identified to show the item(s) of the offer to which it applies and (2) received by the time specified in this solicitation for receipt of offers. (c) Data displaying more than one model or size shall be clearly marked so as to indicate the specific item being offered. (d) Offers which do not present sufficient information to permit complete technical evaluation by the Government may be rejected. It is the bidder's responsibility to prove that their proposed solution meets or exceeds the requested specifications, subject to any limitations elsewhere in this solicitation.

Other Specific Requirements:

- All manuals and literature shall be in the English language.
- All proposed equipment **MUST** be fully operative and functional.

APPLICABLE CLAUSES AND PROVISIONS

FAR 52.252-2 Clauses Incorporated by Reference (Feb 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

The full text of the referenced FAR and DOSAR clauses may be accessed electronically at <https://www.acquisition.gov/far/> and <http://farsite.hill.af.mil/vfdosara.htm>, respectively.

(End of clause)

The selected Offeror must comply with the following commercial item terms and conditions, which are incorporated herein by reference:

FAR 52.204-7, System for Award Management (Oct 2018)
FAR 52.204-9, Personal Identity Verification of Contractor Personnel (Jan 2011)
FAR 52.204-13, System for Award Management (Oct 2018)
FAR 52.204-16, Commercial and Government Entity Code Reporting (Jul 2016)
FAR 52.204-18, Commercial and Government Entity Code Maintenance (Jul 2016)
FAR 52.204-24, Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020) – **to be completed with other certifications and submitted with the offer;**

FAR 52.211-6, Brand Name or Equal (Aug 1999)

FAR 52.212-1, Instructions to Offerors - Commercial Items, applies to this acquisition (Jun 2020)

FAR 52.212-3), Offeror Representations and Certifications - Commercial Items (Aug 2020) – **to be completed with other certifications and submitted with the offer;**

FAR 52.212-4, Contract Terms and Conditions - Commercial Items (Oct 2018),

Addendum to FAR 52.212-4 Contract Terms and Conditions – Commercial Items (Deviation 2017-02)

The whistleblower protection of 41 U.S.C 4712 has been removed from paragraph (r) of FAR clause 52.212-4. The following revised paragraph applies:

(r) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. chapter 21 relating to procurement integrity.

(End of Clause)

FAR 52.232-40, 52.247-35, DOSAR 652.232-70, 652.242-73 and 652.243-70;

FAR 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders-Commercial Items (Aug 2020) - the applicable clauses under paragraph (b) are: 52.204-10, 52.209-6, 52.222-19, [52.222-21, 52.222-26], 52.222-50, 52.223-18, 52.225-13 and 52.232-33.

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020)

(a) *Definitions.* As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People’s Republic of China.

Covered telecommunications equipment or services means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an

entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled—

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (*e.g.*, connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (*e.g.*, voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition.*

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR [4.2104](#).

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that

uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR [4.2104](#). This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at <https://dibnet.dod.mil>. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at <https://dibnet.dod.mil>.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

(End of clause)

The following provision(s) are provided in full text:

FAR 52.212-2 Evaluation – Commercial Items (Oct 2014)

BASIS OF AWARD

The Government intends to award a contract resulting from this solicitation to the responsible offeror (as determined within the meaning of FAR Part 9, paragraph 9.104), whose offer conforms to the solicitation and is determined to be the lowest priced, technically acceptable offer, including all options. Evaluation will be based on offeror's submission in Volumes I and II and the provision at FAR 52.212-2, as provided in this solicitation.

(a) The following factors shall be used to evaluate offerors:

1. Price;
2. Technical acceptability

Technical capability is equal to price.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

FAR 52.214-34 Submission of Offers in the English Language (Apr 1991)

Offers submitted in response to this solicitation shall be in the English language. Offers received in other than English shall be rejected.

(End of Provision)

FAR 52.225-17 Evaluation of Foreign Currency Offers (Feb 2000)

If the Government receives offers in more than one currency, the Government will evaluate offers by converting the foreign currency to United States currency using <http://ice.cgfs.state.sbu/> in effect as follows:

- (1) On the date specified for receipt of offers, if award is based on initial offers; otherwise
- (2) On the date specified for receipt of proposal revisions.

(End of provision)

Addendum to FAR 52.212-1 Instruction to Offerors – Commercial Items (Jun 2020)

Pursuant to FAR 12.302(d), the provision at FAR 52.212-1, Instruction to Offerors – Commercial Items (Jun 2020) is augmented as follows: Preparation of Offers - Offerors shall prepare and submit its offer in two (2) volumes as set forth below.

- 1) Preparation of Offers - Offerors shall submit a Quotation with enough detail to specify compliance with the project specifications.

VOLUME I

- 1. PRICING – Offer must be valid for 30 days from the date of the due date of submission. Please Note: The U.S. Embassy Pristina is exempt from Value Added Tax (VAT) for goods and services for this requirement.**

The offeror shall complete the table for the below listed **Brand Name or Equal** equipment.

Chargers for the below listed equipment/devices should be **220V/50Hz** without need for adapters:

Equipment should be supplied with relevant user manual, necessary certifications, and technical documentations in English. Vendor should provide phone numbers and email addresses that KP can contact in case of technical support needs.

2. REPRESENTATIONS AND CERTIFICATIONS

52.212-3 Offeror Representations and Certifications—Commercial Items (Aug 2020)

Offeror Representations and Certifications - Commercial Items - the selected offeror must submit a completed copy of the listed representations and certifications. If the Offeror has completed the annual representations and certifications electronically, the Offeror shall complete only paragraphs (c) through (v) of this provision.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020)

Please note: The offeror must submit a completed copy of this provision with the offer.

VOLUME II – TECHNICAL CAPABILITY

The proposed equipment shall meet all of the required technical specifications and the delivery terms contained herein. In addition, the offeror shall provide:

- (A) A delivery confirmation providing for delivery within **30** calendar days of award to final destination.
- (B) Warranty provisions as described under Warranty in this solicitation document.

The Contractor agrees that the equipment furnished under this contract shall be covered by the most favorable manufacturer’s commercial warranty the Contractor gives to any customer for such equipment and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to the Government by any other clause of this contract.

The Contractor shall provide a copy in English of the applicable manufacturer’s commercial warranty with each equipment covered by such a warranty at no additional cost to the Government. Warranty terms: 12 months.

- (C) Descriptive Literature

- (D) Technical Compliance Matrix (**Brand Name or Equal**):

CLIN 0001 - Line Items:	Required Specifications	OFFERED SPECIFICATIONS (TO BE COMPLETED BY OFFEROR)	<i>Remarks</i>
001	Forensic computer – TALINO KA-301		
002	Laptop – TALINO KA-L Omega
